

# Quality Policy

COBA has established, implemented and will maintain this quality policy to provide a framework for setting our quality objectives.

COBA Plastics will follow a process based approach and incorporate a risk-based quality management system.

Provide high quality products and services on time and in accordance with individual customer specification and contractual requirements.

Empower all staff to understand the key characteristics of each and every new product before serial production commences.

Continually review the effectiveness of the quality management systems, to enhance and improve both business reputation and internal performances.

Review and continually improve performance levels in Internal and External RPPM

Quality policy shall be available to any interested parties

March 2018
